ABOUT US

Message from Chairman

Dear Friends,

As I write this message, there is much change and promise of progress and development around us. There are fresh faces heading our government and we expect rapid growth in all areas, as the Development sector continues to do its best for bringing about social change in India

NATIONAL SOCIAL SOCIETY encourages volunteers to contribute their time, skills and energies to enhance the work Being carried out at the grass root level. We are happy to record that in the two years since our inception, we have grown from placing a handful of volunteers/interns with partner NGOs, to forging new collaborations, partnerships and programs in order to strengthen our volunteer program.

Young people are the strength and asset of a nation, and it is in the age bracket of 18-35 years that the maximum number of our volunteers/interns comes. The largest numbers of these are postgraduates who have contributed to programs that fitted their specialization or abilities best. Their contribution directly impacts the lives of many with whom they interact. It is heartening to note that the ratio of women volunteers/interns is steadily increasing.

Our mission is directed towards bringing about positive social change. Through our training workshops we influence volunteers and groups/communities within which they work, and encourage them to contribute to the development sector. By consolidating activities and expanding our collaborations, we strive to add value to the work of partner NGOs.

I would like to thank all our committed volunteers, partner NGOs, supporters, trainers and the Joining Hands team for all their hard work and dedication fellow trustees.

Best wishes

Yours Sincerely

SANJAY BAIRWA

(Chairman)

About organization

National Social Society solicits support to reach out to the first 300 girl children. The NSS concept motivates father to take charge of their daughters and ensure that the daughters Rights are protected in every way and provide a secure and dignified future. However, the fathers are financially poor and that is one of the reasons that the girls are out of school. Once the girl children have reached the required standard of education, they shall be mainstreamed into Govt. Schools, where education is free thereafter. Although the mainstreamed child in the Govt. School gets free education to avoid them dropping out and acquire the requisite quality and standards, the child has to be assisted with "Remedial Education" for which similar expenses are to be incurred on similar numbers for at least 2/3 years. As they settle down, the support can be withdrawn.

NATIONAL SOCIAL SOCIETY is an NGO that aims to provide people from the world over the opportunity to work in evaluated and credible NGOs in India. Programs are selected that best match the skills, area of interest, expertise, and time availability of the individual, with a view to strengthen and add value to the ongoing work of NGOs in India's social development sector.

Our Concern For Everybody

MISSION & VISION

1. To encourage the formation of various local groups.
2. To support and cooperate with persons and groups already engaged in similar activities.
3. To raise the required human and other resources to achieve the group objectives.
4. To provide opportunities to individuals living outside India who wish to participate in NSS activities in India.

INTERSHIP

National social society Internship program provides opportunities for students to gain experience in their field, determine if they have an interest in a particular career, network, or gain school/college/university credit.

Internships present benefits beyond just professional development. Joining an national social society internship national program in developing countries offers you an independent opportunity to be completely immersed within the culture and work environment. You will also gain in-depth understanding the local issues, learn directly from the field and/or with local experts, and gain hand-on experience. Whether you are looking for a teaching or youth internship, national social society offers very unique and customized opportunities for a high-rated internship experience in one of the top 10 internship national destinations,

One can Intern on the following core areas-

Programs

- a. Education
- b. Gender Equity & Microfinance
- c. Institutional care
- d. Health
- e. women education

Activities & Achievements

'Volunteering in India' program With its 'Volunteering in India' program, NSS gives people from all over the world the chance to join hands with us and work towards positive social change. Volunteers are placed in our evaluated and thereby credible and professional partnering NGOs. Their placement is always matched according to their time, skills, knowledge, interests, background, etc.

During the volunteering period, NATIONAL SOCIAL SOCIETY takes care of the monitoring and regular evaluation of the volunteers, so at every stage the volunteering can be adapted according to the expectations of the NGO as well as of the volunteer. A volunteer performance plan, impact assessments, follow ups and feedback forms make sure that both parties can get the maximum of benefits out of the volunteering period.

Area of Operations

- Delhi/ NCR – Delhi, Gurgaon and Noida Ravidas camp , mahipalpur chattarpur
Kanpur
- Rajasthan – Jaipur, Dausa

Remedial Class For Child Age 6-14 year.

For implementing this program the following steps were taken by our **National Social Society**

Remedial class established: A full time teacher was hired to provide educational support.

Reading classes established: Mandatory reading specialist was hired to build comprehension skills.

After school homework assistance and research classes established: 3 trained teachers were hired to assist with homework and assignments. Student teacher ratio was 12:1 to facilitate richer learning experience.

Psychological assessments were done on all boys by trained counselor. Counseling intervention design is based on individual needs.

Weekly counseling sessions were mandatory for all boys. Boys were engaged in 1-3 individual sessions.

Life skills Program: Part-time counselor hired to conduct 10 sessions on conflict and mediations, anger management, team building etc.

The Students has taught cultural heritage, age-old value system and social ethics etc, which also helps in their physical and mental development. Approximately 95 children (Male-65 & female-30) attend the class and benefited by this program. The society appointed experience teachers to teach the students without any problem.

Women Teaching Center

Gender inequality in education is extreme. Girls are less likely to access school, to remain in school or to achieve in education. Education helps men and women claim their rights and realize their potential in the economic, political and social arenas. It is also the single most powerful way to lift people out of poverty.

Education plays a particularly important role as a foundation for girls' development towards adult life. It should be an intrinsic part of any strategy to address the gender-based discrimination against women and girls that remains prevalent in many societies. To make women more innovative and creative we started Education for Women. We have provided training for women those are working in houses and not able to speak hindi very well..We are trying to educate them or better communication in their life.

NSS's Literacy Programme for illiterate women within the age group of 18 to 45 years, who have been made literate in slum area of Delhi. Several women participants from slum areas were benefited by this program Scheme of Condensed Courses of Education was initiated by NSS in 2008 to cater to the needs of adult girls / women who could not join mainstream education system or were school dropouts. The scheme aims to provide educational opportunities to girls / women above the age of 15 years along with additional inputs of skill development /

Education of women can be helpful in eradicating many social evils such as dowry problem, unemployment problem, etc. Social peace can easily be established

Girls Child Day

The purpose of this day is to focus attention on the depleting female to male ratio and take a stand on issues of female foeticide, domestic violence and malnutrition in children. Campaigns around these 3 major concerns are highlighted and the government tries to raise

awareness as well as propagate gender equality among people. We celebrated this day with children with lots of fun and activities.

Skill Development Program

The NSS undertaken youth counseling center at, Delhi the main areas of our intervention are education, community health, socio-cultural unity, national character building and other activities of national interest. On the other hand the center also helps the youth groups for their carrier building, educational supports, information on development policies and avenues of employment and self-employment etc.

This center is planning to fulfill the present needs of youths (both student and non-student) as at the present juncture the socio-political and educational systems affected the youth force leading the youth unrest and violence. Efforts are on to cover at least thousand youths per annum under this program effectively. During the year 20010-11, approximately 248 youth including 98 females were provide with counseling and guidance services for their career settlements and other problems. We are mainly interested in empowerment local community by making them politically aware of their rights and giving them economic strength.

MID DAY MEAL TO CHILDREN

The Mid-Day Meal Program has played a crucial role in promoting education for children in the country, encouraging children to attend school and partake of nutritious and healthy meals. This has not only increased attendance of children at schools but also gives children the required amount of nutrition.

Family life Education

NSS was organization Family life education at Delhi about participated in the program, The program implemented with the support & cooperation of community people and local NGOs, who extend their supportive hands for successful completion of the program, The society invited prominent sociologist, psychologist, doctors and lawyers to aware and guidance people to living together with proper family adjustment. The Speakers also discuss various topics related to orientation of youth for promotion of family and societal development, community actions against dowry torture, sexual harassment, legal rights both male and female, Hindu marriage Act, And other rule and regulation related to family life. The participants also discuss their family disputes and solution to the Speakers.

Consumer Protection

NSS organized two days Consumer Awareness Camp at, Delhi. Approximately 150 participants attend the Consumer Awareness Camp from different parts of Delhi and NCR areas. In this program experts from different sectors invited for aware to participants about consumer rights and other aspects like health, education, insurance, legal property and shared their views with the participants. The experts also explain about consumer help line, consumer rights etc. The Society also distributed pamphlets, brochures and folders the participants. The organization extends breakfast, lunch and materials to participants in the program in the program. The program concluded with the vote of thanks.

Vocational Training Center

Vasant Kunj. By these training centers 25 women in tailoring and cutting trade were trained properly. The duration of these training

Vocational education plays an important role in providing employment to people and in raising their standard of living. Keeping in view of importance of such type of education, one tailoring and cutting centre training centre were opened in Slum area of

centers was of six months. Out of these trainers, about 20 women are doing tailoring and cutting job work and they are earning handsome income by getting these training. Their standard of living has also improved. Now they are self dependent and helping their families.

Rural Development

We executed different rural development programmes with the help of the local people. We got them involved in repairing of village roads repaired. They

Our Concern

Local social workers and students actively supported us in our rural development programme. We propose to carry out major development work in villages in the future. We are now in the process of contacting concerned government agencies for organizing joint collaborative progressive programs in the future.

actively participated in repairing and cleaning of village drains and cleaning and chlorinating drinking water wells.

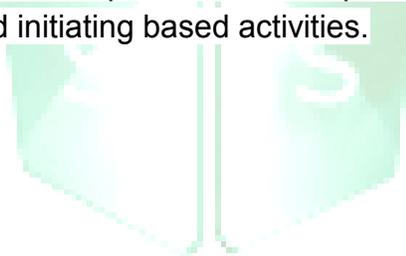

Rural development was traditionally associated with agriculture. The policy shift towards integrated rural development reflects the complex linkages and interactions within the system of overall rural development. Putting too much emphasis on agriculture and ignoring its linkages to

the rest of the economy could result in analytical bias. Rural development provides an alternative to agriculture as a source of incomes and livelihoods.

Our Society executed different rural development programmes with the help of the local people in rural areas. We involved them in improving their own fields of work. We received active support from local social workers, students and also from

the local common people. With our combined efforts we were able to carry out a number of development works like repairs of village roads, cleaning of drains and chlorinating drinking water wells.

Our purpose is to create consciousness about the current position and act as a catalyst role to facilitate collective mass actions so as to assert their rights and entitlements. To provide critical inputs to enhance their ability to fight structural causes of poverty and demand larger change. To set up models for replication and to build capability for addressing local issues and initiating based activities.
